## With IC Frith's Marine Liability Insurance cover you will always be protected.

Your Marine Industry Liability exposures are now extensively covered with IC Frith's Liability Insurance Policy.

Our coverage includes:

- **Public/Products Liability:** Third Party bodily injury or property damage arising out of your business activity.
- **Ship Repairers Liability:** Third Party bodily injury or property damage arising from your work on all sized vessels.
- **Vessels in Your Care:** To full policy limit.
- **Moving of Customer Vessels:** We cover claims against you arising from the shifting and moving of a customer's vessel.
- **Other Work:** Need to work outside the marine industry? No problem! This policy can be extended to cover your Non-Marine work.
- **Sub-Contractors:** The policy can be extended to cover named sub-contractors while they are performing work on your behalf.
- **Professional Indemnity:** Our policy covers resultant bodily injury or property damage claims even if you have charged a fee for the advice.

But even more, we are the **only** company that provides **Errors & Omissions** coverage.

Errors & Omissions cover means you are protected from a third party claiming a financial loss from your professional advice. With this extension you will be covered for the defence and settlement of this type of claim.

**OUR GOAL?** To provide you with **EXTRA** cover at **LESS** premium than you are already paying.

You could be 'dead in the water' without the proper **Liability Insurance** cover.
