

## INDUSTRY LUNCHEON WEDNESDAY 18<sup>th</sup> MARCH 2009

### **Guest Speaker: Minister for Roads & Ports, Tim Pallas MP**

The Victorian Transport Association, in conjunction with the Port of Melbourne Corporation and the Victorian Freight & Logistics Council, invites you to attend this **Freight 2009** Industry Luncheon, to be addressed by the Minister for Roads & Ports, Tim Pallas, on;

- *Freight Futures* – the Victorian Freight Network Strategy – what is the future for freight in this State and how is the Government responding?
- Launch of the Port of Melbourne *Truck Optimisation Plan* Report
- Launch of the Victorian section of the Logistics Information & Navigation Centre (LINC) website

Freight 2009 will bring you practical, solutions-led freight-related activities this year culminating in Freight Week from 7th to 11th September 2009 at the Melbourne Tennis Centre.

The Truck Optimisation Plan (TOP) Project has been a collaborative effort between industry and government to identify ways to improve truck utilisation and productivity in the landside logistics chain through the Port of Melbourne.

Promoting the Transport & Logistics industry as a first career choice is an on-going challenge. LINCvic is a great initiative to help promote career paths and employment opportunities in the Transport & Logistics sector.

Presented by:

Victorian  
Transport  
Association
