**What?**

At the site visit, Ken McMillan will provide an informal presentation on the work of Foodbank. Ken is the General Manager of Foodbank Queensland and has been for the past 6 years. Previously he had 30 years experience with the Australian food industry – in sales, marketing and Logistics. In his time at Foodbank, Ken has seen food donations increase from 1 million kilos a year to 8 million kilos per annum. This incredible growth has meant significant changes in the way the charity re-distributes food to the needy. Ken will talk about the 300 hunger relief organisations that access Foodbank and in particular about the various school breakfast programs they are associated with. He will be joined by representatives of some of the many charities who distribute the food to the needy and they will 'tell their stories' of their work with the homeless and needy.

Attendees will also be able to view the recent segment from the ABC 'Landline' program and inspect the warehouse facilities that are the cornerstone of the great work provided by Foodbank.

This Foodbank site visit is a follow up to the very successful and informative Logistics Lounge conducted on 22 May in which Ken and two Pastors provided a very emotional and 'eye opening' outline of the plight of the needy in our society and the amazing work and dedicated assistance provided by these charities to the many less fortunate.
