

Eden Park Event

CIPS Auckland Branch is pleased to invite you to a procurement event with a bit of a difference. We'd be delighted if you would join us at Eden Park on Wednesday 25th May.

Pernod Ricard will explain the impact of the Rugby World Cup on their procurement and operations. This promises to be a fascinating insight into how organisations cope with demands which are 'out of the ordinary' and how they work with their supply chain to find a balance between leveraging the opportunity presented and at the same time carefully managing risks and the increased exposure.

The event will start with a tour of the stadium lasting up to an hour so that you will have the chance to see what's new and how they're preparing for this significant event.

Custom Fleet is kindly sponsoring the event and will make a short presentation too, and afterwards there will of course be an opportunity for networking with drinks and refreshments (provided by the team that will be catering for the Cup hospitality itself!).

Please note that you will need to be at the stadium for 4pm in order that we have reasonable daylight for the tour and a sensible finish time for the event itself. Please bring comfortable footwear.

This is a premium event in our 2011 calendar and is expected to be popular – we have an upper limit on the numbers who can attend so don't miss out!

Kindly sponsored by Custom Fleet
